Dear Parent,

### **Responsible Internet Use**

As part of your child's curriculum and the development of computing skills, our School is providing supervised access to the Internet using our brand new equipment. We believe that the effective use of the World Wide Web and e-mail is worthwhile and is an essential skill for children as they grow up in the modern world.

Please would you read the attached Rules for Responsible Internet Use and sign and return the consent form by the end of this term so that your child may continue to use the Internet at school?

If you wish to see a copy of the school's 'E-Safety and Acceptable Use Policy' please contact the school office.

Although there are concerns about children potentially having access to undesirable materials, we have taken positive steps to reduce this risk in school by operating a filtering system through South West Grid for Learning (SWGfL) that restricts access to inappropriate materials.

Whilst every endeavour is made to ensure that suitable restrictions are placed on the ability of children to access inappropriate materials, and pupils will not be left unsupervised, the school cannot be held responsible for the nature or content of materials accessed through the Internet.

Please support us by ensuring that Internet usage at home is supervised and reinforce the rules of appropriate and safe use. Further guidance can be found on the links in the Internet Safety section of our website.

Thank you for your continued support,

Yours sincerely

Mrs N J Pratten
